## Who We Are

Unified Technology Systems – we are our name. Our technology services give your organization a cohesive, organized path to success.

Our strategy is twofold:

1. Enable an efficient, well-planned Information Technology (IT) infrastructure
2. Generate greater engagement with both learners and leaders, by providing leading-edge integrated technology solutions

## Customer Benefits

Because Unified draws on more than 40 years of client-focused experience, technical expertise and over 140 Employee Partners, we have the training, skills, and equipment to meet your organization's unique needs.

Every Unified Technology Systems employee is a part-owner in the company, making customer satisfaction everyone's highest priority.

## Why Choose Unified Technology Systems?

Here is a small sampling of what we can offer your company and your stakeholders:

- Dependable, Easy-to-Use, and State-of-the-Art Systems
- Comprehensive Design-Build Project Partner
- Certified System Design & Equipment Specification
- Balance of Quality and Value for Maximum Return-On-Investment
- Ability to Work Within Timeframe and Budget
- Experienced Project Management Team
- Certified Technical Installation Team
- Operational/Technical User Training
- Ongoing Service and Support Program, Remotely Managed and/or Onsite Response
